HTML

CSS

ReactJs

JavaScript

- Designed and developed a responsive and user-friendly website for Hilling Travel Agency using HTML, CSS, and React.js.
- Implemented interactive features such as destination search, travel package listings, and vacation planning tools.
- Ensured cross-browser compatibility and optimized the website for optimal performance on various devices.
- Collaborated with designers to create visually appealing user interfaces that enhance the overall user experience.
- Worked independently to manage the development of the website, ensuring timely delivery and high-quality code.
